Provide First Aid in an education and care setting

CTAS Education delivers nationally recognised qualifications and units of competency and have an emphasis on high quality training and successful learning outcomes.

We have implemented extensive risk management systems (incorporating strict hygiene practices) to ensure the health and safety of all attendees during course delivery. CTAS Education offers friendly relaxed first aid courses. We provide resources that promote correct technique and skills when providing a range of first aid procedures.

COURSE DESCRIPTION

This unit describes the skills and knowledge required to provide a first aid response to infants and children in line with first aid guidelines determined by the Australian Resuscitation Council (ARC) and other Australian national peak clinical bodies.

This unit applies to a range of workers within an education and care setting who are required to respond to a first aid emergency, including asthma and anaphylactic emergency. This includes early childhood workers and educators who work with school age children in outside school hours care and vacation programs.

You will gain the knowledge and confidence to perform CPR on an adult, child and infant, with compression and ventilation skills. You will also obtain the knowledge and skills to appropriately respond to casualties that have asthma, anaphylaxis, non-life threatening bleeding, choking, envenomation, fractures, dislocations, sprains, strains, minor wounds, nose bleeds and shock.

This course meets the regulatory requirements as stipulated by the Australian Children's Education and Care Authority.

ENTRY REQUIREMENTS

There are no formal prerequisites required for you to enrol in this course, however a sound understanding of the English language is a must. For this reason, applicants will

be required to complete at the time of enrolment a short assessment to ascertain their language, literacy and numeracy level. Upon enrolment, each individual must have a valid Unique Student Identifier (USI) to study any qualification or short course in Australia. To create a USI please visit www.usi.gov.au

For mandatory COVID-19 Vaccination requirements, please check relevant WA government website.

PHYSICAL FITNESS

You will be physical Fitness to perform at least 2 minutes uninterrupted single CPR (5 cycle of both compressions and ventilations) on a resuscitation manikin on the floor and general manual handling activities.

COURSE DURATION

The course duration is 20 hours, which includes 11 hours pre-course learning and 9 hours face-to-face class.

METHODS OF ASSESSMENT

- Practical demonstration of skills in various simulated scenarios
- Multiple choice assessment questions
- Incident report writing

PRIOR SKILLS & KNOWLEDGE

If you have previously completed First Aid training, please provide certification upon enrolment as you may be exempt from completing some pre-course learning assessment.

LOCATION

Courses are regularly held at the CTAS Education Training Room in Welshpool or in an approved early childhood service.

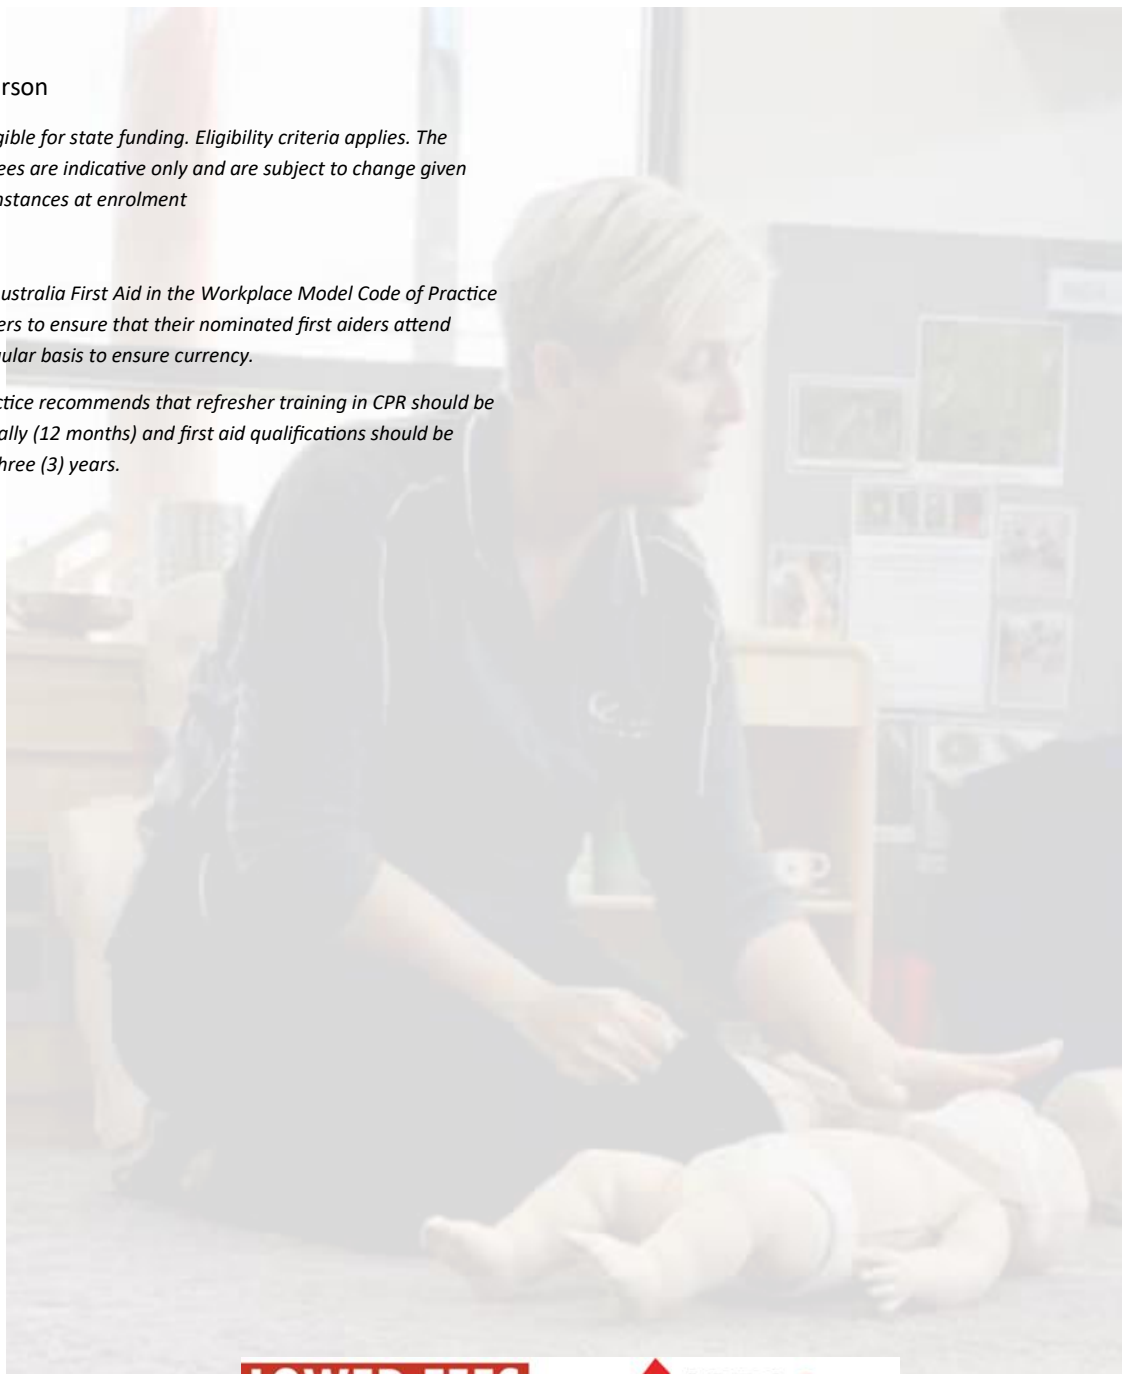

COST

\$170* per person

**You may be eligible for state funding. Eligibility criteria applies. The student tuition fees are indicative only and are subject to change given individual circumstances at enrolment*

The Safe Work Australia First Aid in the Workplace Model Code of Practice requires employers to ensure that their nominated first aiders attend training on a regular basis to ensure currency.

The Code of Practice recommends that refresher training in CPR should be completed annually (12 months) and first aid qualifications should be renewed every three (3) years.
