This CPR course will benefit anyone wanting to learn Cardiopulmonary Resuscitation (CPR) and use of an Automated External Defibrillator (AED) in an emergency situation. The course provides you with the necessary skills and knowledge to perform CPR safely and manage an emergency situation in the Education and Care sector, local community or workplace until emergency services arrive.

Learning Outcomes

- Respond to an emergency situation
- Perform CPR procedures
- Communicate details of the incident
- Review the incident

Methods of Assessment:

- Pre-course knowledge assessments
- In-class practical assessments

Recognition of Prior Learning (RPL):

- Existing skills and knowledge, contact firstaid@ctas.wa.edu.au for more information about eligibility and assessment.

The Safe Work Australia First Aid in the Workplace Model Code of Practice requires employers to ensure that their nominated first aiders attend training on a regular basis to ensure currency.

The Code of Practice recommends that refresher training in CPR should be completed annually (12 months) and first aid qualifications should be renewed every three (3) years.
